

## INDUSTRIAL SANDS

WASHED SPECIALTY SAND

**DESCRIPTION:** BASALITE PACKAGED SANDS are produced from British Columbia sources and are washed and flame sterilized. Basalite produces two grades of high quality industrial sand:

- 1) Industrial Fine Sand
- 2) Industrial Extra Fine Sand

Typical sieve analysis of the industrial sands are given in the following table.

---

**USES:** BASALITE PACKAGED SANDS are suitable for general sandblasting, mortar, or plaster sand, paving stone installation (joint filling), icy sidewalks, greasy areas, garden soil conditioning, non-skid traction sand and all other applications where clean, washed sand is required.
